Client Guide 2024

# INTRO

Our vision for this space is modern elegance with natural beauty, and stress-free planning. We want to make hosting intimate events easy and customizable.

Introducing our *Decor Packages*.

First, choose the length of your event, including set up & take down time.

Then, select the furniture bundle you would like to add to the space: ceremony, reception, and lounge.

Finally, bring your own special touches in your chosen colour palette: wax candles, florals, linens, and dishware, everything that makes your event uniquely yours.

Welcome here.

# FAQS

## Is there parking?

The venue is located on a winding rural road and has limited street parking for a max of five vehicles. If you are welcoming additional guests, we require you book a shuttle.

## Is there temperature control?

In the summer, the windows of the Greenhouse open, however on a hot day we recommend planning for an outdoor ceremony in the Pavilion or on the lawn. In the cooler months we light a fire in the woodburning stove to keep you cozy. Note that as a rustic structure it is not 100% drip free in heavy rainfall.

## Can we bring pets?

Domesticated pets are welcome but must be kept leashed and cleaned up after.

## Can we tour?

We are happy to show prospective clients around the venue. Email us to arrange a time to visit. Please no surprise visitors as the Greenhouse is located on private property.

## How do I book & pay?

Submit a wishlist on our website to receive a quote. You will then have 30 days to remit a 25% non-refundable deposit to save your date. Final balance is due a week before your event.
